Chrysanthemum Novelties

Tall Hardy Asters

PHLOX

We guarantee all plants true to name and color. It must be remembered however that plants grown from seed may vary some. Where specific varieties are named, such as Chrysanthemums, Phlox., Oriental Poppies, Iris, etc, we unconditionally guaranty them true to name and color.

In describing the plants the height given is when in full bloom. However, location, sun or shade, soil and wether crowded or not can have a decided effect on the height.

We guarantee safe arrival. Any plants not satisfactory when received may be returned immediately and we will refund transportation charges and replace the plants free or refund the amount paid for them.

Cash must accompany order. Personal checks accepted.

All plants are sent out prepaid except those marked as potted or in wooden plant bands. To orders less than \$ 1.00 please add 15¢ to cover packing and postage.

On orders at regular prices (not including collections) we will allow the following free plants:

orders \$ 1.50 or more --	one 20¢, plant your choice
\$ 2.00 " "	one 25¢, " " "
\$ 2.50 " "	one 30¢, " " "
\$ 3.00 " "	one 35¢, " (or 2 @ 20¢)
etc.	

In addition we will include with each order received before April 1st., for later delivery, one or more plants of our choice. This includes collections.

When large quantities of some varieties are wanted, please let us quote a special price. Often when stock is plentiful we can make a substantial reduction.

Shipment will be made when best suited to your locality unless a certain time is specified. Some varieties as Oriental Poppies and a few others will not be shipped out of season.

All orders are fresh-dug as we do not store perennials for the retail treade.

Allperennials offered are at least one year old,once transplanted,fieldgrown plants,unless otherwise noted.
 Some slowgrowing or difficult to transplant varieties are grown in pots for one year and offered as such.
 Varieties marked "r" are suitable for rockgardens, those marked "s" will stand shade.

12 perennials for cutflowers, our choice, for \$ 1,50

COLLECTION No.20

12 Sedums, 2 each of 6 varieties, for \$ 1,50

CHRYSANTHEMUMS

Our chrysanthemums are grown cool and perfectly hardened off before shipping. We grow them in 2½" wooden plant bands, which we find much superior to the clay pot. In bands the plants root more naturally, do not get pot-bound and the difference shows up decidedly during the summer.

A 2½" plant band holds more soil than a 3" pot, more than 1½ times as much as a 2½" pot and more than 2½ times as much as a 2¼" pot - the size chrysanthemums usually are shipped from.

When planting from bands, dig the hole first, push the plant down through the band into the hole, fill with loose dirt and water down good. After that cultivate often and do not overwater.

We guaranty all our chrysanthemums true to name and color. The height given may vary some because of soil conditions, shade or sun. Also the time of flowering will vary in different seasons.

Because of the extra weight we cannot send these prepaid. To orders for 6 plants or less, please add 20¢ for postage or express. For more than 6 plants add 3¢ per plant. Anything paid in excess will be promptly refunded.

Special new and outstanding varieties.

50¢ each 3 for \$ 1.40 , not prepaid

DEAN KAY, a new early flowering type, bright double rose pink, 15 ins. spreading. Aug. till frost
